The plaintiff served in the military for many years. Upon his discharge in March 2013, he was traveling south on Route 206, near the intersection of West Main Street in Chester when an 87 year old man who was traveling north on Route 206 failed to yield the right of way and made a left turn directly in front of the plaintiff. As a result of the accident, the plaintiff sustained a severe injury to his neck as well as other injuries, necessitating anterior cervical discectomy and disc replacement with decompression of the spinal canal at C6-7, as well as macro dissection of the nerve roots.
