

\$100,000 Settlement for Rear-end Collision

Denville, NJ

Christopher L. Musmanno, personal injury attorney with Einhorn, Barbarito, Frost & Botwinick, reached a settlement in the case of a Plaintiff, a 37 year old woman, who was rear ended and suffered a neck injury with constant and severe neck pain radiating into both shoulders and also producing a numbness and tingling sensation in both hands. Her treating physician recommended a neck surgery to alleviate her pain, which Plaintiff underwent. The surgical procedure involved permanently implanting a titanium plate with eight (8) titanium screws in her neck. The case settled for a total amount of \$100,000, representing the policy limits.
