

\$250,000 Settlement for Workers' Compensation Case

Denville, NJ

Thomas F. Dorn, Jr., Certified Workers' Compensation and Certified Civil Trial Attorney by the Supreme Court of New Jersey, announces a \$250,000 settlement in Mt. Arlington's workers' compensation court for an occupational claim by a pipe fitter contending that the strenuous nature of her work caused her to develop back and neck problems resulting in surgeries to both areas. The insurance company argued that her neck and back problems were not work related. The case settled prior to trial. A significant ERISA health care lien was compromised in order to settle the case.
