

Einhorn Barbarito Goes To Co-Managing Partner Model

"Einhorn, Barbarito, Frost & Botwinick has joined the ranks of law firms using a co-managing partner leadership model, naming tax, trusts and estates practice leader Gary Botwinick to the co-leader role.

Leadership is not new to him, it seems. Longtime managing partner Patricia Barbarito said she has long collaborated on matters of firm leadership with Botwinick, who was approved unanimously by the firm's board of directors and officially took the role as the new year began.

"We've just formalized the relationship," which more officially "allows us to strategize about the growth of the firm," Barbarito said in an interview.

"Pat and I communicate about 30 to 50 times a day," Botwinick said in the same interview. "As the firm has grown, we've had no choice but to formalize certain things."
