New Jersey Business Attorneys Offering Businesses Access to On-Call Counsel

In today's fast-paced, highly competitive marketplace, businesses need to have direct access to experienced counsel who can help them successfully adapt to legal and regulatory changes impacting their business operations. In an effort to offer personalized, proactive legal counsel for business clients, Einhorn Barbarito has created On-Call for Business. Our On-Call service offers our clients access to experienced, New Jersey business attorneys who are knowledgeable in all aspects of the business law on an as-needed, on-demand basis.

The On-Call service at our firm is designed to serve as a "virtual" in-house legal department for small and medium-sized businesses in New Jersey. Businesses participating in the program receive full-service legal counsel at a fraction of the cost of in-house counsel. When you enroll in this service, our On-Call team will work with you to understand your vision for your business, the way it functions and what services and documentation are needed from a legal perspective for your business to be protected, prepared and postured for growth.

How the Einhorn Barbarito On-Call Program Works

When you decide to participate in our On-Call program, the members of our team will undertake a comprehensive business audit of your company. We will thoroughly evaluate the legal aspects of your business, identify potential risks and opportunities, and offer advice and recommendations to position you for success. Our team also revisits your audit on an annual basis, monitoring changes to your business and recommending any adjustments that may be needed.

At Einhorn Barbarito, our On-Call attorneys focus on the unique requirements of your business and provide ongoing guidance tailored to your individual goals and objectives. Because we take the time to know the ins and outs of your company, we can anticipate and address problems in advance and help you maximize critical business opportunities. This means that whether you are dealing with a minor problem or a large complex issue, you can trust that we will work with you to find a solution that makes smart business and legal sense.

Businesses interested in participating in the On-Call program pay a reasonable annual fee for the service. Enrollees receive a multitude of benefits, including:

- A comprehensive On-Call business audit
- A dedicated phone number with a guaranteed response time of four hours or less
- Three hours of prepaid legal counsel for your business
- A 10% discount on hourly rates for any continuing legal services
- An annual Business Check-up and review to monitor any changes to your business
- Free estate planning consultation for the owners of your business
- Discounted residential closings for the owners of your business
